## PROFILE & CAREER OBJECTIVE

---

With extensive experience in research and education, I've cultivated a robust academic foundation and developed multiple analytical skills. Having recently submitted my PhD thesis, I am currently seeking to apply this experience in a more practical setting, combining academic insights with tangible solutions in both social and technical domains. I am particularly motivated to facilitate learning through the collective production and transfer of knowledge.

## EDUCATION

---

### Universitat Oberta de Catalunya (UOC)

PhD Program in Information and Knowledge Society (IKS)  
Research area: Mixed methods study on the co-production of knowledge through academic-industry collaboration [thesis submitted].
